Experience

HERZENS APP | Front-End Developer
January 2023 – Present | Remote/Austria

- → Develop and maintain front-end features for healthcare-related applications, including portal.herzens.app.
- → Collaborate with designers and backend engineers to implement responsive interfaces using **React**, **Next.js**, **TypeScript**, **HTML**, and **CSS**.
- → Optimize application performance and accessibility for end-users in the healthcare sector.
- → Address cross-browser compatibility issues to ensure a seamless user experience across various platforms.

FASTPRJ | Front-End Developer
January 2023 – Present | Remote

- → Work on a variety of client-driven projects, including dashboards and landing pages, to meet diverse business requirements.
- → Contribute to internal product development (e.g., **TimeTK**, an employee time- and shift-management application) using **Next.js** and **TypeScript**.
- → Write clean, reusable components, adopting modern best practices like code-splitting and efficient state management.
- → Quickly learn and integrate new frameworks or libraries based on project needs.

Projects

HERZENS PORTAL | Next.js, TypeScript
2024

- → A healthcare portal for caregivers and clients, leveraging **Next.js** and **TypeScript**.
- → Focused on user-friendly interfaces, secure data handling, and responsive layouts.
- → Conducted performance optimizations to enhance site loading times and user engagement.

TIMETK | Next.js, TypeScript
2024

- → A comprehensive time and shift management tool for employees, with real-time updates and secure authentication.
- → Implemented role-based access control to manage different permission levels within teams.
- → Collaborated with backend teams to ensure smooth data flow via RESTful APIs.

Skills

PROGRAMMING

Proficient:
TypeScript • JavaScript • React • Svelte • HTML5 • CSS3

Experienced:
Next.js • Sass • Tailwind CSS • MUI • Shadcn • Redux

Familiar:
Node.js • Python

LIBRARIES/FRAMEWORKS

React • Svelte • Next.js • MUI • Shadcn • Redux • Tailwind CSS • Sass

TOOLS/PLATFORMS

Git • npm • Yarn • Docker (basic)

Education

QAZVIN AZAD UNIVERSITY
Bachelor's in Computer Science (Ongoing)
2023 - Present | Qazvin, Iran
Balancing a full-time developer role while completing an undergraduate degree.
